Does the city have a wetland management plan? ? yes X no

If yes, how is this wetland designated:

Wetland management goal:

Stormwater management to enhance water quality before the waters reach the Vermillion River.

Types of disturbance (current or future land use impacts):

2003 draw down for maintenance / 2004 native species planting.

Physical characteristics (landscape, habitat, significant features, etc.):

Private property on 3 sides and public trail along the south.

BMPs in place:

Neighbors maintain a vegetation buffer along the south shore and at least one lot on the north side.

Concerns of note:

Several homeowners mow 100% of the shoreline by their property and use chemicals to control cattails.
