

Dakota County Wetland Health Evaluation Program

2008 Site Identification Form *please use a different form for each wetland*

City: Eagan

Contact: Jessie Koehle

Email: jkoehle@cityofeagan.com

Phone: 651-675-5320 or 651-485-2235

Wetland number: **E-22**

Wetland name: **FP-11.6**

Please use initials of city + 1, 2, 3, or 4, i.e., AV-1. #1 should be your best/reference site. Use a name that means something locally, like a street, subdivision, park, etc. Do not change numbers from one year to the next. Just add a new number for a new wetland, i.e., AV-6 without using numbers from earlier years. Do not change name from year to year.

Size of wetland: 0.58 acres

Longitude: 93.109185 Latitude: 44.858891

Wetland type (3, 4, or 5): 4

Reference site: _____ yes no

Monitored before: _____ no yes; in: _____1997 _____1998 _____1999 _____2000
_____2001 _____2002 _____2003 _____2004
_____2005 2006 _____2007

Watershed size: ~2.7 acres Percent impervious surface in watershed: 0%

Ownership: _____: private _____ public

Inlet locations: one on north end and one on west side; both incoming from manmade wetlands

Outlet locations: No pipe outlet; overflows into adjacent field

Is wetland included in the city's storm water management plan? yes _____ no

Does the city have a wetland management plan? yes _____ no

If yes, how is this wetland designated: _____Protect_____

Wetland management goal:

Protect water quality of wetland from development that occurred in 2007.

Types of disturbance (current or future land use impacts):

Commercial development: school, roads, storm drainage.

Physical characteristics (landscape, habitat, significant features, etc.):

Up til 2007, 30% of immediate shoreline was hilly woodland, 70% gentle grassland.

Now close proximity to manmade wetlands and school (not shown in aerial photos yet), smaller immediate watershed made up of maybe 80% wooded and 20% grass.

BMPs in place:

Natural woodland and grassy buffer area.

Concerns of note:

Was a great place for wood frogs but haven't heard them yet this spring. Want to see if any changes have happened because of the development impacts.

**Please return this form, aerial map, and directions to the site
