

# Dakota County Wetland Health Evaluation Program

Print Form

## 2011 Site Identification Form (please use a different form for each wetland)

Date: March 2011

City: Eagan

Contact: Jessie Koehle

Email: jkoehle@cityofeagan.com

Phone: 651-675-5320 office, 651-485-2235 cell

Wetland Number: E-32

Wetland Name: City Hall Pond JP-6

Please use initials of city + 1, 2, 3, or 4, i.e., AV-1. Do not change numbers from one year to the next. Just add a new number for a new wetland, i.e. AV-6 without using numbers from earlier years. Also, do not change the name from one year to the next.

Size of wetland (acres): 6.6

Longitude: 93.1607 Latitude: 44.8149

Wetland type (3, 4, or 5): 4

Reference Site?  Yes  No

Monitored before?  No  Yes, in:

<input type="checkbox"/> 1997	<input type="checkbox"/> 1998	<input type="checkbox"/> 1999	<input type="checkbox"/> 2000
<input type="checkbox"/> 2001	<input type="checkbox"/> 2002	<input type="checkbox"/> 2003	<input type="checkbox"/> 2004
<input type="checkbox"/> 2005	<input type="checkbox"/> 2006	<input type="checkbox"/> 2007	<input type="checkbox"/> 2008
<input type="checkbox"/> 2009	<input type="checkbox"/> 2010		

Name of Watershed: Gun Club Watershed; smaller watershed is Fish Lake

Watershed size (acres): 81.3 acres direct drainage Percent impervious surface in watershed: ~14%

Ownership: North side is City of Eagan, south and east sides are residential.  Public  Private

Inlet locations: One coming into north western tip, another on mid-western shore

Outlet locations: Northern shore, about in the middle

Is wetland included in the city's storm water management plan?  Yes  No

Does the city have a wetland management plan?  Yes  No

If yes, how is this wetland designated: Class L3, wildlife habitat

Wetland management goal: Protect from stormwater impacts

---

Types of disturbances (current or future land use impacts): Gets street runoff and indirect runoff from City Hall, Civic Center, and Cascade Bay parking lots. Future development on City Hall will try to create infiltration opportunities. Want to measure conditions now so we can see if there is a difference later.

---

Physical Characteristics (landscape, habitat, significant features, etc.): Wooded, slightly hilly, some grassland as well. Residential backyards on east shore.

---

BMPs in place: Wooded buffer, natural areas. Storm pond receives parking lot stormwater before it flows into JP-6 which is a natural wetland receiving stormwater.

---

Concerns to note: Watch for future improvements after city hall's improvements, we hope!

---

**Please return this form, directions to the site,  
and an aerial map (if not previously submitted) by March 25, 2011 to:**

Paula Liepold, Dakota County Water Resources Department,  
Western Service Center, 14955 Galaxie Ave., Apple Valley, MN 55124

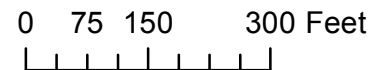

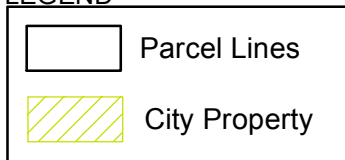

Questions? contact by phone: 952-891-7117 or email: paula.liepold@co.dakota.mn.us

---

# E-32: City Hall Pond JP-6 (WHEP 2011)

## LEGEND

Driving directions to City Hall Pond JP-6: From Eagan City Hall area, go west on Wescott Rd. Turn right on Denmark. After Windcrest Ave, look for the city access to the pond. Park on the street and walk to the northern end of the pond.
